Dear Frank and Jack:

On behalf of the Blood Center of New Jersey, I would like to thank you for taking the time to speak at our Seventh Annual Apheresis and Bone Marrow Donor Recognition Dinner held last week.

We have received many comments since that evening on how compelling your stories were and how well you reached our audience. Our honorees are all very generous and caring people who, undoubtedly, related to you and will help you carry on your mission for organ donations. Putting a face on situations is the best way we know to give our donors a sense of how important and valuable their donations are. You both helped us do that.

In appreciation, we have enclosed a small donation to Transplant Speakers International with our thanks for your presentation.

It was a pleasure meeting you both.

Sincerely,

Tina Ilao
President and CEO
