To Whom It May Concern:

I would like to personally thank Donald Arthur for his dedication and presentation at Environmental High School this semester. Mr. Arthur has graciously gave of himself to educate over two hundred and sixty high school students.

I have worked with Donald in the past and each time I hear his story I am inspired and motivated to educate the youth about organ donation and transplants. As a recipient, Donald story motivates our youth to take this topic seriously and to educate others.

It has been a pleasure to have worked and to continue my professional relationship with Mr. Arthur. He is an invaluable part of the curriculum and the community.

Sincerely,

Ann Margaret Branca
